

SHOP FOR TMC

Thrive Medical Clinic (formerly Pregnancy Care Center), friendsoftmc.org

One of the ways we come alongside the courageous women and men who choose life for their unborn child, is by ensuring that they have what they need to care for their child as they navigate parenthood. We invite any parent or care-giver to participate in our Thrive Forward material services program and receive FREE baby and maternity items for as long as they need! This program is completely DONOR FUNDED, and each beautiful item comes from individuals just like you.

Below is a list of items that we need most right now. ***We can only accept items that are brand new or handmade.***
